-Under the order of the county ssioners the Canfield-Boardman road between what is known as the mud school house, no longer in existto the Boardman township line is to be resurfaced at once. As a resulf ot heavy traffic during the winter the road is decidedly rough in spots.

-Considerable maple syrup has been made by farmers in this neighborhood the last week, several fairly good runs of sap following the stormy, freezing weather. The market for the product is active and not all who desire to place orders for syrup have been able to do so. It sells at around \$3 a gallon

-A King drag could be used with beneficial results on some of the dirt roads abjout town. Court street is a sight, great ruts, axle deep, being cut in the road. During the past week several strangers attempted to negotlate the street with cars, and in each instance it cost them the use of a team to be hauled out through failure to notice signs at each end of the street warming of its bad condition.

-A well attended meeting of the Mahoning county farm bureau was held in Canfield last week Thursday The county commissioners and county road superintendent were pres-ent and explained in detail plans for road improvement in this county during the summer. In fact, much of the time of the meeting was devoted to the discussion of road improvement and much valuable information was

County Auditor E. M. Faust and assistants are preparing to send per-sonal property tax blanks through the port as of April 11, which is tax lien day, and all personal property owned on that day must be listed. Returns must be sworn to before being returned to the auditor. Auditor Faust says many dog licenses are yet to be taken out and that steps will be taken to have the sheriff get a line on dog ownwho have so far evaded the law.

-Many Canfield people witnessed the wonderful Aurora Borealis display day night from about 8 until 11 'clock. It was one of unusual bril-ancy, at times being so bright that a newspaper could be read. The greatest beauty was shortly after 10 o'clock in the zenith of many colors, ranging from the subdued to the intense. The rapidly changing panorama held wit-nesses spellbound, bright rays shooting upward and seeming to set waves of bluze in the sky and at other times make in the sky and at other times appeared as though white clouds are scattered about the canopy of the heavens overhead. The color theme varied from violet to red. The moon was not in it with this meral spectacle. Scientific gensphemeral spectacle. Scientific gen-demen declared that the electro-mag-netic display was the most magnificent they had over seen and its continu-ance surpassed all expectations.
